

GRUNDTAL accessory range

Stainless steel wall storage like those
in a professional restaurant kitchen

Stainless steel shelves can withstand heat and cold and are easy to clean. Perfect for the bathroom or the kitchen.

Hooks are included with the spice rack, cutlery stand and dish drainer, so you can hang them on the rail.

The mounting rail can also be used for pot lids. Hooks are available in two sizes.

The shelf and mounting rail can be combined in two sizes, 47¼" (120 cm) and 31½" (80 cm).

GRUNDTAL is your assistant in the kitchen.

It allows you to keep your pots, pans, whisks, ladles and knives close at hand while keeping the countertop free. GRUNDTAL is inspired by the professional restaurant kitchen. The range

includes strong hooks and shelves for heavy pots and pans, and a magnetic strip for knives. Stainless steel is also hygienic and easy to clean.

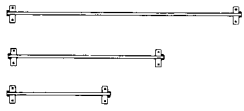

Design: Mikael Warnhammar.
